

We've streamlined our servicing guidelines

Highlights include:

- Section 10 Loss Mitigation – We added a new section, 10.06 Disaster Relief Guide, consolidating all disaster-related information
- Section 11 Foreclosure:
 - 11.03 Preserving our Deficiency Rights – We moved all deficiency instructions to this section and updated the list of states where we may pursue a deficiency
 - 11.04.01 Bid Calculation Instructions – We changed the name to Non-GSE Bid Instructions and streamlined content
 - 11.04.02 State Reference Table – We reorganized and condensed the information and clarified initial bid instructions to further simplify the bidding process

For more information regarding all updates, see the Summary of Changes in our Servicing Guide, mgic.com/servicing-guide.
