

Uniform Residential Loan Application (URLA) requirements

MGIC is dedicated to providing you with great service for your loan submissions, and missing documents can impact turnaround times. Our non-delegated mortgage insurance applications require submission of all sections of the new URLA to MGIC for underwriting, including the Lender Loan Information Section. Below, we are clarifying the required sections and addendums, when applicable, that must be submitted to avoid delays in underwriting.

If you have questions regarding how to provide a complete URLA as described above within your specific loan origination system, please contact your Loan Origination System Administrator.

Required on all loans

- Borrower Information
- Lender Loan Information

Required when applicable

- Additional Borrower Information
- Unmarried Addendum
- Continuation Sheet
