Purchase & rate/term refinance (See Adjustments below for other eligible loan types)

### Borrower-paid premiums

Borrowers pay premiums as part of their monthly mortgage payment.

### Lender-paid premiums

The lender pays the premium; the borrower is not charged separately.

### Monthly premiums

No premium is due at closing. Billing is deferred until the first full month after closing. **The premium tables (on reverse) provide annualized rates. To determine the monthly premium:**

$$\frac{\text{Premium rate} \times \text{Loan amount}}{\text{Annual premium} \div 12} = \text{Monthly premium}$$

(Round to the nearest cent)

### Annual premiums

Borrowers pay the first-year premium at closing. The renewal premium is due on the certificate's anniversary date. Lender-paid annual premiums are not available.

### Renewals

**Constant renewals** apply the rate to the original insured loan balance. The rate for years 2 through 10 is the same as the first-year rate. For years 11 through term, the premium rate is reduced to .20% or remains the same if the rate before this reduction is less than .20%. Constant renewals are not available on lender-paid rates.

**Declining renewal** rates are applied to the outstanding insured loan balance. The rate for years 2 through term is the same as the first-year rate. The loan balance is adjusted annually on the certificate's anniversary date.

### Refunds

We don't provide refunds on non-refundable Borrower-Paid Monthly Premiums unless coverage is cancelled or terminated under the Homeowners Protection Act of 1998. In this case, we'll provide a refund based on our unearned premium calculation.

If you opt for refundable Borrower-Paid Monthly Premiums or Annual Premiums (see the Adjustments table on reverse), we will provide a prorated refund upon cancellation of coverage.

See [mgic.com/rates](http://mgic.com/rates) > Refunds.

Lender-Paid Monthly Premiums are non-refundable.

### Loan program categories

**Fixed** applies to loans with level or declining payments for the first 5 years and no potential for negative amortization.

**Nonfixed** applies to loans with actual or potential payment changes during the first 5 years.
